

A LETTER OF APPRECIATION

On the occasion of a group mobility involving 6 students, 1 accompanying teacher, and job shadowing for 2 teachers under Objective 2: Environmental protection, sustainable development and health, within Project No. 2025-1-BG01-KA121-SCH-000336111, Key Action 1, Co-funded by the European Union under the Erasmus+ Programme, School Education

**DEAR PROF.SSA CARLA MARIA CUCINOTTA,
DEAR COLLEAGUES FROM ISTITUTO DI ISTRUZIONE SUPERIORE "GIULIO NATTA",**

On behalf of the Principal and the entire team of the **2nd Higher School "Acad. Emilian Stanev"**, it is with sincere appreciation and deep respect that we express our heartfelt gratitude for the wonderful **Erasmus+ mobility** carried out at your school.

This experience has left a deep and unforgettable mark on our students, our teachers, and the parents who entrusted us with this journey.

Thanks to your warm welcome, exceptional organization and the inspiring environment you created, our students had the opportunity to learn in a setting that was both enriching and truly meaningful. The communication with your students and teachers broadened their horizons, strengthened their interpersonal skills, and enriched their knowledge and competences in the fields of environmental protection, green technologies and health.

Every lesson they attended, every laboratory activity they participated in, was filled with curiosity, discovery, joy and purpose. All knowledge and experience gained at the **ISTITUTO DI ISTRUZIONE SUPERIORE "GIULIO NATTA"** will be implemented in our educational environment and shared with our entire school community.

We wish to pass on the heartfelt appreciation of our students' parents, who were deeply moved by the care, safety, emotional support and exceptional educational experiences you provided for their children. They returned home inspired, confident and full of new dreams.

Our students and teachers also enriched their cultural understanding by visiting some of the most beautiful landmarks of Milan, discovering its art, architecture and spirit. A particularly emotional moment for all was the visit to Lake Como, where they paid tribute to the monument of the Bulgarian writer **Pencho Slaveykov**—a symbolic reminder of the deep cultural ties that connect our nations.

With sincere and profound gratitude, we would also like to dedicate this mobility to the memory of **Ms. Sofia Corradi**, the creator of the **Erasmus Programme**. Her vision changed the lives of millions of young people across Europe, and thanks to her legacy—thanks to "**Mamma Erasmus**"—our students had the chance to grow, connect and dream beyond borders.

In her honour, our students will create a special Erasmus+ Space in our school. This space will present the results of the mobility and will be a symbolic tribute to your hospitality, to the collaboration between our schools, and to the remarkable work and mission of **Ms. Corradi**.

We look forward to welcoming your students and teachers in January 2026 for new and inspiring **Erasmus+ experiences**.

Thank you for giving our students and teachers days filled with learning, inspiration, cultural exchange, friendship and new horizons.

Thank you for opening your classrooms, your laboratories and your hearts to us.

We will carry this experience with us always—with respect, admiration and deep gratitude.

With warm regards and appreciation,
2nd High School "Acad. Emilian Stanev"

01/12/2026, Sofia, Bulgaria

Orhideya Delieva
Principal
